COLLAGE & SOUND

WITH

Victoria Mitchell

WHAT?

Do you like making art and sound? Then come and join in making a fun sound collage!

These sessions will be all about play and exploring different ways to make collage. We will then add your chosen sounds by attaching small electronics to your artwork.

Together we will draw, paint, use magazine images or photos to make our collages. We will record our own sounds, such as our voices, or use pre-recorded sounds and music. When we touch our artwork we will hear our sounds!

***DUE TO THE ELECTRONICS, THIS SESSION IS NOT RECOMMENDED FOR ANYONE WITH A MEDICAL IMPLANT.**

No previous experience required!
